

Koi Fancier

Color-Enhancing Diet for Koi & Goldfish

Zeigler Koi Fancier an all-weather, all-natural, color-enhancing diet contains spirulina and other natural marine ingredients to enhance the vibrant colors of your fish. The diet is formulated with stable vitamin C and brewers yeast to help improve immune function and promote healthy tissue development. Higher levels of marine protein sources are incorporated to maximize palatability and digestibility.

Features & Benefits

- Natural color-enhancing ingredients, no artificial colors
- Wheat germ inclusion for all weather feeding
- Formulated with stable Vitamin C to promote healthy fins, gills and tissue development
- Contains Vpak - an all-natural, nutritional supplement, designed to improve overall fish health and resistance to disease

Feeding Instructions:

During optimal temperatures, we recommend feeding your Koi 3-4 times daily. The ideal level to be fed is the amount of food eaten in 5-10 minutes at each feeding. It is important to remember that various factors can influence the amount and frequency of the feeding regimen including water temperature, number of fish in the pond, and feed type.

Storage Instructions:

Use by the "Best Before" date shown on the package for optimal freshness. Keep stored in a cool (22°C / 72°F), dry, and well-ventilated spot out of direct sunlight. For even longer freshness, refrigerate or freeze.

Packaging

5 lb. pouch; 33 lb. 3-ply paper bag

Particle Size

5.0 mm floating pellet
