

# Pond Silver

All Purpose Diet for Pond Fish

**Zeigler Pond Silver** is an all-purpose, high-quality diet formulated to promote growth and optimal health in pond fish. This highly palatable and digestible diet features premium fishmeal and other select marine ingredients to support superior performance and vitality.

## Features & Benefits

- Formulated to feed a variety of aquatic species such as koi, bass and bluegill
- Highly palatable, highly digestible
- Contains Vpak - an all-natural, nutritional supplement, designed to improve overall fish health and resistance to disease
- Excellent floatability and water stability...does not cloud the water

## Feeding Instructions:

During optimal temperatures, we recommend feeding your fish 3-4 times daily. The ideal level to be fed is the amount of food eaten in 5-10 minutes at each feeding. It is important to remember that various factors can influence the amount and frequency of the feeding regimen including water temperature, number of fish in the pond, and feed type.

## Storage Instructions:

Use by the "Best Before" date shown on the package for optimal freshness. Keep stored in a cool (22°C / 72°F), dry, and well-ventilated spot out of direct sunlight. For even longer freshness, refrigerate or freeze.

## Packaging

5 lb. pouch; 33 lb. 3-ply paper bag

## Particle Size

5.0 mm floating pellet
