

AlgaeDisc

All-Purpose Diet for Aquatic Herbivores

Zeigler Algae Discs is a complete and well balanced, sinking diet for aquatic herbivores such as Plecos and Algae-Eaters. The highly digestible ingredients come from an array of plant sources plus several marine products to increase palatability, digestibility and coloration. Wheat Germ, high levels of stable Vitamin C, and Brewers Yeast are included to promote healthy gill, fin and tissue development. Plus this diet has been formulated to reduce waste and increase water clarity.

PARTICLE SIZE: Disc

PELLET TYPE: Sinking

PACKAGING: 33 lb bag

FEATURES & BENEFITS

- Increased water clarity and reduced waste
- Stable and bioavailable vitamins and minerals
- Sustainable ingredient sources from food industries and fisheries

PRODUCT APPLICATION & STORAGE

- Zeigler Algae Discs can be fed solely 2-3 times daily, without supplementation, to healthy animals.
- Feed an amount that can be consumed by the intended animals in 10-15 minutes.
- Store in a cool, dry place away from sunlight. Maintains nutritive value and shelf life up to one (1) year.
- Frozen storage helps extend shelf life.
