

Goldfish Pellets

Mini Pellets for Goldfish & Koi

Zeigler Goldfish Pellets is a complete and nutritionally balanced diet, formulated to enhance the growth and health of goldfish and koi. Goldfish Pellets are highly digestible and are a low pollution option for pond application.

Particle Size: 1.5 mm

Pellet Type: Floating

PACKAGING: 2-15 lb nitrogen preserved bags per box

FEATURES & BENEFITS

- Contains stable Vitamin C & Brewers Yeast to promote healthy fin, gill and tissue development
- Utilizes optimal nutrient densities to help assure adequate nutrition
- Formulated for high palatability and digestibility to minimize excreted waste
- Excellent floatability and water stability...does not cloud the water
- Contains **Vpak** (Vitality Pak) an all-natural, nutritional feed supplement, designed to improve overall fish health and resistance to disease

PRODUCT APPLICATION & STORAGE

- Feed as the sole diet 1-3 times daily.
- No supplementation is necessary for healthy fish.
- Feed ad libitum - as much as the fish will consume in five (5) minutes of feeding.
- Store in cool, dry place away from sunlight.
- Maintains nutritive value and shelf life up to two (2) years if properly stored and handled.
- Frozen storage extends shelf life beyond two (2) years.
