

# Shrimp Broodstock 40-9

Shrimp Grower Feeds

Shrimp Broodstock diet is expressly formulated to meet the known dietary needs of shrimp broodstock. Superior quality ingredients are chosen to provide a complement of prime marine proteins and oils, making the diet highly attractive and palatable to the shrimp. It is power-packed with those special ingredients required to aid in female gonad development. Additionally, Zeigler Broodstock contains skillfully selected vitamin and mineral packs known to enhance the health and vitality of broodstock and their spawn.

- Excellent water stability of the feed
- Superior quality ingredients
- Improved female gonad development
- Dramatically reduced time in Maturation System to initial spawn
- Stronger, healthier Broodstock
- Long term nauplii quality benefits

## GUARANTEED ANALYSIS

Crude Protein	Min 40.0%	Moisture	Max 10.0%
Crude Fat	Min 9.0%	Ash	Max 12.0%
Crude Fiber	Max 3.0%		

## PARTICLE SIZE & PACKAGING

- 3/32" (2.4mm) pellet
- 25 Kg (55 lb.) poly woven bag

## INGREDIENTS

A nutritionally balanced highly digestible formulation of animal protein products of marine origin, plant protein (including algae), yeast, fish and vegetable oils, vegetable starches, vitamin and mineral premixes, anti-oxidants, pigments, and biodegradable binders.

## STORAGE INSTRUCTIONS

- Poly-woven bag: best if used within nine (9) months from date of manufacture.
- Store in cool, dry, well ventilated area. Rotate stock to use the old feed first – "first in, first out" principle. Keep bags stacked on pallets to prevent feed from being in direct contact with damp floors and walls. Avoid exposure to insects, pests and direct sunlight.
- Rotate stock to use the old feed first ("first in, first out" principle.)

## PRODUCT APPLICATION

- This well-formulated diet is fed to shrimp in a broodstock program at a rate of 3% of shrimp biomass. It is optimum for use in pond and tank; open or closed systems.
- Consult your area Zeigler technical specialist for additional feed guidance.
